VISHAL PATIDAR

Software Development Engineer
Bhilwara, Rajasthan | +91 6377826445 | vishlpatidar025@gmail.com

OBJECTIVE

Aspiring Software Development Engineer with in Java programming and software development. Proficient in Object-Oriented Programming (OOP) and continuously enhancing problem-solving skills through Data Structures and Algorithms.

SKILLS

- **Programming Languages:** Java, Servlet, Hibernate, C++
- **Core Concepts:** Object-Oriented Programming (OOP), Data Structures and Algorithms, Problem Solving, Debugging, Logical Thinking
- **Languages:** Hindi, English

PROJECTS

ATM Management System using Java

- Developed a console-based ATM application using Java that simulates real-world ATM operations, including balance inquiry, cash withdrawal, deposit functionality, and secure PIN verification.
- Applied Object-Oriented Programming (OOP) principles to ensure modular and maintainable code.

Hospital Management System using Java

- Developed a GUI-based Hospital Management System using Core Java and Swing to manage patient, doctor, and receptionist records.
- Implemented CRUD operations, basic input validations, and a user-friendly interface for efficient hospital workflow management.

EDUCATION

M.L.V. Textile & Engineering College, Bhilwara
B.Tech in Information Technology (2023 – 2027 Expected)
SGPA: 8.64 (Till VI Semester)

Government Senior Secondary School, Jhalarapatan
Senior Secondary Education (12th) | 2021 – 2023 | Percentage: 60.80%

Government Senior Secondary School, Osav (Sunel)
Secondary Education (10th) | 2019 – 2021 | Percentage: 88%

ACHIEVEMENTS

- Successfully completed Java programming coursework with hands-on implementation of Object-Oriented Programming concepts.
- Solved 70+ problems on LeetCode, strengthening Data Structures and Algorithms skills.
- Scout Member, demonstrating leadership, teamwork, and discipline.
